

VOICE OF THE PEOPLE

COMPLAINS ABOUT "SHOWS"

Editor Times:

I would like to know how the management of the DeLuxe and Orpheum Theaters "get by" with their third class shows.

The DeLuxe is not so bad, but the vaudeville performances at the Orpheum are so far removed from being first class that I wonder how long the people of Hammond will continue to stand for it.

They pack their theaters and charge prices for first class shows and should give the people a fair return.

I will admit that we continue to patronize them for the reason that there is no other place to go.

The vulgar and suggestive songs that some of the so called "artists" offer as their performance are enjoyed somewhat by young fellows but are not appreciated by respectable married people and some of them would not even be appreciated at a stag.

I believe there are many others in town of the same opinion and I hope they will voice their sentiments as I have.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "foggy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 10c and 25c

DAFFY-DOWN-DILLY FROCK OF TAFFETA FOR APRIL DANCES

Just like the flowers that bloom in the spring, this is the prettiest frock of yellow taffeta. Folds of taffeta over the hips a peplum on the waist little bodice give the popular bouffant effect and each is faced with geranium which shows just a tiny bit. The hip panels are of yellow net embroidered in silver and they show a novel whim in extending below the line of the skirt.

According to the weekly crop report just issued by George C. Bryant, field agent of the department of agriculture, if any damage was done it was in the earlier varieties of peaches and cherries. "Very unfavorable weather conditions stopped outdoor farm work," the report reads. "Spring plowing and seeding is being seriously retarded. Railroad strike has caused an embargo to be placed on shipments of grain and live stock."

"Many wheat fields are very spotted, but this is due mostly to the ravages of Hessian fly rather than winter-killing. The lowest condition is found in the southern part of the state and the highest in the central part. The spring wheat acreage for Indiana will not be over 25 per cent of last year. Nearly all the oats have been seeded in the south part of the state, but in the north part farmers are much behind with this work."

"The clover acreage will be largely increased this year because of the slowing up of grain and live stock production. Much clover seeding has already been done."

"Killing frosts damaged some of the earlier truck crops during the last week. With the possible exception of the earlier varieties of peaches and cherries, none of the fruit crops has been damaged by the severe weather of the past week."

Whisky Confiscated, Court Says He Can Have It

(INTERNATIONAL NEWS SERVICE)
PITTSBURGH, April.—Alexander Ciek has a pretty problem to solve.

Nine gallons of perfectly good liquor are stored in the United States Marshal's office and he may claim the stuff, according to an opinion handed down in the United States District Court.

Alexander served time for violating a law which prohibits transportation of liquor. The booze was taken from him. When he got out he sued for the liquor, and the court says he can have it.

But Alexander wants to know how he can get it. If he gets out of the Marshal's office with the booze he will still be guilty of violating the law.

Congestion and inflammation of the kidneys and bladder cause untold distress. Pains in back and hips, pain and pressure in bladder region, frequent desire to eliminate, causing restless sleep soon wears out the patient's vitality and more serious results follow neglect.

NOT JUSTIFIED

BY TREATY TERMS

(INTERNATIONAL NEWS SERVICE)
WASHINGTON, April 9.—The military act of violence of the French government "would not have been justified" if the treaty terms had been violated and they were not violated, Germany declared in its protest to France, April 7, against French occupation of Frankfurt, a summary of which was made public here this afternoon by the state department.

Germany contended that the present situation is one for the league of nations to settle.

FAITH

Good Old Fashioned Faith —That's What The World Needs Most

WHAT is the cure for the world's present troubles—for unrest and envy and covetousness and fear?
Legislation? Industrial compromises? Political readjustments? We've tried them all, and they do not satisfy.
We're hungry and thirsty for Faith.

"The world needs a genuine religious revival," cabled the London financial editor of the New York Evening Post recently. And he added: "This is the view of hard-headed business men."

What business men are now proclaiming the churches have always proclaimed. You must touch the spirits of men if you are to change their lives: only to the extent of their faith in each other can they work together. All remedies are makeshifts except the Golden Rule.

Thirty denominations, knowing the need to be too great for any one denomination to meet alone, are cooperating in a nationwide campaign.

It is a campaign for deepening the spiritual forces of men; for enlisting their hearts, and their pocket-books too. And every man and woman who loves America will be glad of a chance to help.

For the hope of America is Democracy and the Founder of Democracy was the Founder of the Church. It was He who first called men sons of God, and so made all men brothers.

Not as employers and employees, not as members of parties or sects, but as sons of God and brothers all let us work out our problems together.

To strengthen the Church is our first great task; out of the Church flows Faith.

United Financial Campaign

April 25th to May 2nd

The only real and permanent solution of the world's problems which seems more acute than ever since the end of the World War is the application of the Golden Rule.

JOSEPH DANIELA
Secretary of the Navy

To bring men back to the spiritual standard to which Christ's principles are an impelling force in the reconstruction of society, and to teach men to think true and live true is the mighty task to which the church is called.

ROBERT LAMSON, Chair's Sec. Comm. Interchurch World Movement

The spiritual side of man's nature has been too much neglected, and we need a new birth of righteousness that will restore the true relation between spiritual and material things.

W. B. WILSON
Secretary of Labor

For our own sakes, for our children's sakes, for the nation's sake, let us business men get behind the churches and their preachers! Let us from this very day give them more time, money and thought, for upon them the value of all we are ultimately depends!
